## DEPARTMENT APPROVALS AND CERTIFICATIONS

### Departmental Responsibilities - J-1 Visa Host

All U.S. colleges and universities must maintain and report certain information to the Department of Homeland Security (DHS) and Department of State (DOS) using the Student and Exchange Visitor Information System (SEVIS).

The ISO relies on TCU departments to provide accurate information about their scholars and professors before, during and after the J-1 program. **Failure to provide accurate and timely information to the ISO can result in the loss of the full J-1 program designation for the university.**

The ISO reports directly to TCU Student Affairs and follows their belief in the value of cross-cultural exchange through visiting scholars and professors. The university is committed to compliance with federal regulations governing the J-1 exchange visitor program.

As a host department, you have several responsibilities to each exchange visitor you invite to TCU:

- Invite your prospective exchange visitor early and allow sufficient time for the full visa process.
- Ensure the initial application provided to the ISO is complete and all supporting documentation is included.
- Ensure the applicant's English proficiency is sufficient to be successful not only on campus, but also off-campus in order to work through day-to-day tasks such as grocery shopping, asking directions, or communicating during an emergency with emergency personnel. **Demonstrating English proficiency is a requirement of the J-1 program application.**

- Ensure the exchange visitor obtains sufficient accident and sickness insurance to cover the duration of their stay (start date to end date; grace period coverage is recommended).
- Support the exchange visitor during the visa process and reach out to the ISO with any questions prior to advising the exchange visitor on their next steps.
- Assist the exchange visitor with submitting all check-in materials and information, as well as scheduling for an orientation session.
- Monitor the exchange visitor's activities and notify the ISO of any and all concerns.

Please Remember to:

- Notify the ISO as soon as possible if the exchange visitor will not arrive by the start date listed on the DS-2019.
- Notify the ISO within 10 days with any changes to the scholar's program including: if the initial offer was rescinded, or if the program will end early.
- Provide appropriate cultural and professional exchange activities to the exchange visitor as required by the J-1 exchange visitor program regulations.

I confirm that the school/academic department will make every effort possible to meet the obligations listed above. I understand that failure to do so may result in termination of the J-1 sponsorship for this scholar as well as the potential loss of the ability of the department to host exchange visitors in the future.

I certify that the information provided for the requested DS-2019 Certificate of Eligibility is true and correct to the best of my knowledge. I authorize the release of any information needed by the Department of State and the Department of Homeland Security to determine the eligibility for the requested benefit or during any investigation under the Immigration and Nationality Act. I request the ISO to bind TCU to the legal obligations associated with the J-1 exchange visitor program regulations.
